

2016 Spay/Neuter Clinic Fees

To request an appointment, please complete our [Clinic Registration Form](#) (for faster response) or call us at 770-704-PAWS (7297). If you call, please leave your name and a phone number. We will do our best to contact you within 24-48 hours to finalize your appointment.

Cats

Male	\$55
Female	\$65

Male Dogs

Small	\$80
Medium	\$90
Large	\$100

Female Dogs

Small	\$85
Medium	\$95
Large	\$105

Rabies vaccine, Post-Operative pain shot and nail trim are included at no charge.

We do not apply additional fees for animals in heat, pregnant or with un-descended testicle(s). Please note these conditions when you make an appointment so that we can plan appropriately. We routinely perform pediatric spay/neuters at 2 months of age on animals weighing at least 2 pounds, but generally recommend surgery for puppies and kittens at approximately 3-4 months of age.

We provide all animals with a small tattoo adjacent to their incision unless requested otherwise.

Additional optional services provided at the time of surgery:

\$25	Microchip (Chip insertion and registration)
\$5	Standard de-worming
\$10-\$25	Tapeworm de-worming (dependent upon weight)
\$10	Dog DHPP 3-way shot (Standard vaccination against Distemper/Parvo)
\$15	Dog Bordatella (Kennel Cough)
\$10	Cat FVRCP (Standard vaccination)
\$15	Cat Feline Leukemia vaccine
\$10	Activyl Dog & Cat Flea Preventative (1 month)

We have e-collars available for \$10 regardless of size.
